

BECOME ENGAGED IN AN EXCEPTIONAL COMMUNITY LEADERSHIP DEVELOPMENT COACHING PROGRAM

JOIN US AT CLUB MUDGEES AS WE SUPPORT MAX POTENTIAL

What is Max Potential?

Max Potential is a program that empowers young people through leadership coaching over 22 weeks. The focus is personal leadership development and coaching of young adults, to help them build confidence, develop life skills and maximise their potential during the final years at school and beyond.

It encourages students to focus on the local community and ways that they can help to improve it.

It also provides an opportunity for members of the community, to learn and apply coaching skills in their personal and professional lives.

What's in it for coaches?

- Max Potential draws on leaders within the community, business, industry, schools and community organisations, equipping them with progressive coaching skills and tools that apply across personal, life and employment contexts.
- You will be given training in a leadership coaching model which explores ten personal leadership principles and the opportunity to use these in practice with Max Potential participants, supported by your own professional Future Achievement Australia coach.
- All coaches will have the opportunity to build coaching into a personal and professional leadership profile, including the possibility of further coaching accreditation through The Future Leader Group Pty Ltd.
- There will also be a certificate of participation, which can be used for further career opportunities.

What's in it for businesses leaders and employees?

- Become more effective as a manager and leader by understanding and adopting the proven principles of coaching and empowerment.
- Expand your understanding of organisational and interpersonal dynamics (including moods and recurring patterns of behaviour and culture) in ways that enable staff to empower themselves and others to achieve results.
- Become more competent in generating and maintaining effective relationships, both professional and personal, resulting in increased levels of trust and accountability in the organisation.
- Opportunity to be part of a program that proactively builds community capacity through the enhancement of personal leadership skills and the creation of strong and resourceful networks in the community.
- Raise your business profile through advertising opportunities in print, radio and online.

What's in it for young adults?

Each 16 - 24 year old participant benefits from developing:

- An action plan that focuses on personal leadership;
- A success pattern that can be repeated throughout life;
- Increased self-awareness that helps unlock potential.

They will also benefit by:

- Learning how to engage with the community members and leaders;
- Connecting with, and being coached by, a leader in the community over 22 weeks;
- Enhancing confidence and personal leadership competencies;
- An opportunity to invest back into the community, and other people's lives, through a Community Service Project;
- Meeting and networking with other young adults;
- Having *fun*.

Recruitment is now underway for the 2018 Club Mudgee Max Potential Program. Great interest has been shown by young adults from multiple schools in the Mudgee/Kandos/Gulgong region for the 2018 program. It is our focus to provide a community coach for each young adult selected to participate in the program in order to make a positive difference. For this to happen, we need your support in providing the community coaches and/or businesses that sponsor the young adults and community coaches.

To become a Max Potential community coach, you need to be willing to learn new skills, open to challenge yourself and a desire to want the best for the youth in our community. You will be given training, all the tools and 24/7 support along the way!!!
